KYZEN **ITAR** COMPLIANCE

“ITAR” means the International Traffic in Arms Regulations, as amended, which are promulgated and implemented by Department of State and designed to regulate items on the U.S. Munitions List, including Defense Articles and Defense Services and related Technical Data. Pursuant to ITAR 22 C.F.R. § 121.1(a), any company who engages in the United States in the business of either manufacturing or exporting defense articles or furnishing defense services must register with the Directorate of Defense Trade Controls (DDTC) or claim exemption from registration (22 C.F.R. § 121.1(b)).

**All KYZEN products are “ITAR-Free”
and are therefore not included on the U.S. Munitions List.**

**KYZEN Corporation provides only non-manufacturing services
and is therefore not required to register with the DDTC.**

KYZEN provides non-manufacturing services to ITAR-registered companies on a routine basis. ITAR-registered companies may submit ITAR Regulated Information, parts for testing and/or cleaning, or other Controlled Data to KYZEN, for non-manufacturing services, using the following process:

- Notify your KYZEN Representative that the applicable project relates to, or contains ITAR Controlled Information
- Clearly mark or otherwise identify any ITAR Controlled Technical Data or Defense Articles submitted to KYZEN that should be protected

As a condition of such receipt and/or access to ITAR Regulated information, KYZEN provides the following protections:

- Access to such is restricted to “U.S. Persons” only, as defined by 22 C.F.R. § 120.15;
- KYZEN has reasonable policies and procedures in place to prevent access by, or re-transfer to any “Foreign Person,” as defined at 22 C.F.R. § 120.16;
- KYZEN is not identified by the Directorate of Defense Trade Controls, or the Bureau of Industry and Security, or the Office of Foreign Assets Control, as a debarred, denied, or otherwise restricted entity;
- KYZEN provides annual ITAR training to employees and requires employees to execute ITAR Non-Disclosure Agreements.

For more information about KYZEN ITAR compliance, please send your inquiry to qcare@kyzen.com.
